

## MUNKEN PURE ID

Munken Pure ID is a specially developed version for HP Indigo presses. The surface has been adapted for best performance, toner adhesion and print quality in liquid toner for this type of press.

In all other aspects the paper retains the same characteristics as Munken Pure – an uncoated smooth surface with its creamy shade convey distinct features to images, giving a very true natural paper feel. Munken Pure ID standard products are available as FSC™ – The mark of responsible forestry. [www.fsc.org](http://www.fsc.org). FSC-C020637 and PEFC certified.
