AMBER PREPRINT

Amber Preprint is a high white, technically advanced, uncoated paper, developed for direct mail, invoices, letterheads and advertising material. The paper complies with the requirements of DIN 6723 and 6724-1 standards which mean that the paper is guaranteed to work on equipment with optical character recognition (OCR). Amber Preprint works perfectly in digital presses and is also guaranteed to work in laser printers, even after offset litho printing. Thanks to its properties it can be used in high speed photocopiers and printers. Amber Preprint is available in both sheets and reels. Amber Preprint standard products are available as FSC™ – The mark of responsible forestry. www.fsc.org. FSC-C012880 and PEFC certified.
